Re: Office Relocation

Dear Yoel,

I am writing this letter to let you know how impressed BellaPierre Cosmetics is about the moving services that Rhino Moving has provided our company. Relocating our office was a big endeavor for our company, but you and your professional team could not have made it any smoother from start to finish.

Prior to the move, I appreciate that you were available to answer all the questions that I had regarding the move. You and the moving team were more than professional. On the day of the move, the foreman had contacted me on his way to the office and told me that he was on his way. He provided me with his cell and told me that I can contact him at any point during the move to check the status. The moving team was diligent with our fragile items and moved our office successfully.

Should we require any moving services in the future, I will not hesitate to use Rhino Moving as well as refer your company. Thank you again for making our relocation go smoothly.

Sincerely,

Neal E.

President BellaPierre Cosmetics
